¹ The rates and charges in this appendix entitled "CLEC Physical Collocation Embedded Base Rates and Charges" (Pricing Appendix A) are CLEC-specific. In the event that these Amendment rates, terms and conditions are the subject of any adoption request by a CLEC ("Adopting CLEC") pursuant to Section 252(f) of the Act, the term "CLEC's Physical Collocation Embedded Base" shall mean the Adopting CLEC's own Physical Collocation Embedded Base and the nonrecurring and recurring rates associated with such Physical Collocation Embedded Base shall be the nonrecurring and recurring rates associated with the tariff (as amended from time to time) the Adopting CLEC previously elected to purchase its Physical Collocation Embedded Base from or the nonrecurring and recurring rates previously agreed to by the Adopting CLEC and AMERITECH pursuant to an applicable, prior interconnection agreement between the Adopting CLEC and AMERITECH; therefore, in such event, the rates and charges set forth on this Pricing Appendix A will be modified to reflect the rates and charges associated with the Adopting CLEC's own Physical Collocation Embedded Base as more specifically described hereinabove.
